

Dr Deepa Bhajekar receives recognition in Dubai

12 February 2019 | News | By Manbeena Chawla

The award was presented to her by Amruta Fadnavis, Vice-President, Corporate Head, Axis Bank.

Dr Deepa Bhajekar, Director, d technology recently received an award in the Scientist in Business category at the Women Excellence Awards 2019 event, which took place in Dubai.

The award was presented to her by Amruta Fadnavis, Vice-President, Corporate Head, Axis Bank.

Dr Deepa started d technology in 2015 focusing on technological solutions in the food sector. The company also provides advisory services in domain areas such as processed foods, milk and dairy, spices, herbs, condiments, beverages, juices, nutraceuticals, ingredients, additives to name a few.

Before setting up d technology, Dr Deepa had set up MicroChem Laboratory, one of India's premier food testing providers, in 2000.
