In a bid to promote Indian food processors and exporters internationally, Ministry of Food processing has signed a Memorandum of Understanding (MoU) with ANUGA, world's largest promotional and investment trade fair organised in Germany. This Mou aims to double the income of farmers of the country and will also help in putting Indian food sector on the global podium.

Minister of Food Processing Industries Harsimrat Kaur Badal said that "Partnership of ANUGA and the Government of India, Ministry of Food Processing Industry is bound to create next level

of market for Indian food processing industries”.

"The Government of India has signed MoU not only with ANUGA but also with SIAL, Paris, the world’s largest food innovation exhibition. To attract foreign direct investment (FDI) into our domestic modern food retail, the ministry is organising World Food Mania in November 2017," added Badal.

She further added that “we are creating enterprise friendly investment environment in the country and ensuring that projects are not stuck because of approval of archaic government guidelines or inspector raj. We have made many new beginnings in this regard”.
