The current round was led by GRM Foodkraft Private Ltd (GFK), a subsidiary of GRM Overseas Limited

Bengaluru-based startup GoKhana, a SaaS platform for end-to-end management of corporate cafeterias, has raised $1.1 million in a Pre-Series A round.

Founded in 2017, GoKhana digitizes operations of institutional food-courts by introducing efficiencies and making the entire food-ordering process convenient, efficient and contactless.

GoKhana is present in 11 cities with contracts translating to 1M+ active users, with a strong pipeline to ramp it up to 5M+ active users. The solution brings together corporate partners, their employees and corporate food suppliers on a single technology platform.

The funds will help GoKhana on deep integration with its strategic partners. GoKhana has multiple partnerships to help its users optimize their supply chain, provide contactless experience on vending machines, help customers achieve sustainability goals & reduce food wastage & help corporates neutralize virus (including but not limited to Covid) at workplace. GoKhana will further use the funding to fuel its continuous innovation culture, bringing other novel services to its corporate customers – at work, at home, and in restaurants.
