MoFPI Minister Prahlad Singh Patel to inaugurate the event

Given the future growth potential and importance of food processing industry in India's economic and social outlook, it is time to take action to unlock the full potential of the food processing industry with a special focus on export markets.

Recognising this, the Federation of Indian Chambers of Commerce & Industry (FICCI) is organising the 14th Edition of "FICCI FOODWORLD INDIA" at the Lalit Hotel, Mumbai, **with the support of Ministry of Food Processing Industries (MoFPI)**, and in media partnership with nuFFooDS Spectrum, on 14th September 2022.

This annual flagship event steered by FICCI's Food Processing Committee and over the years it has evolved as an established forum for originating thoughts for policy formulation and a mood reflector of the food processing sector.

The knowledge partner for this year's edition is Boston Consulting Group (BCG) and a Report on 'Tapping India's Food Processing Potential – A Call to Action' shall be released during the convention.
