With key objective to empower farmers to become entrepreneurs

MSME Development Facilitation Centre (DFO) Mumbai (Ministry of MSME, Govt of India) is working for the development of Micro Small & Medium Enterprises (MSME) in the region by implementing various schemes & organising programmes on timely basis to create the awareness about the schemes.

The Government of India has launched the “Tranformation of Aspirational Districts” initiative with a vision of a New India by 2022 wherein the focus is to improve India’s ranking under the Human Development Index (HDI), raising living standards of its citizens & ensuring inclusive growth of all.

In view of above, MSME-DFO Mumbai in association with Chamber for Advancement of Small & Medium Businesses (CASMB) is organising one day “National Seminar for Business Development of MSME in Nandurbar District” on 14th March 2023.

During the programme, various topics will be covered such as product & process development of agro-commodities, domestic & international potential for businesses, presentation on various schemes of MSME by Central & State governments, Mudra loan / Bank schemes, TRIFED Schemes, Upliftment of business through E-commerce, quality control & food safety, packaging & labelling of products etc.

Chamber for Advancement of Small and Medium Businesses (CASMB) was established during pandemic time on 01st March 2021. CASMB’s mission is to work closely with all stakeholders for the betterment of Micro, Small and Medium Businesses. It has hand holded many sectors to support for however it is strong in the food domain.
