Cow and Buffalo butter to retail at Rs 100 per 100g tub

Sid’s Farm, a dairy brand based in Telangana, announced the launch of its new salted butter range which includes- Cow Butter and Buffalo Butter. These products are available in Hyderabad

and Bengaluru markets, where they are distributed through the direct-to-consumer channel from August 1, 2023.

The new butter range, which boasts no antibiotics, preservatives, and hormones, comes in 100g boxes for easy application.

Sid's Farm has been promoting the concept of pure, healthy adulterant-free milk and milk products since its inception in 2016. The company adheres to stringent norms and test processes to ensure the highest quality of milk and dairy products.

Each batch of milk undergoes several tests to eliminate the presence of urea, sugar, glucose, starch, peroxide, baking soda, caustic soda, formalin, melamine, and three classes of antibiotics among other things to address the chances of any adulteration at a micro level. Their state-of-the-art lab conducts more than 6,500 tests every day to ensure nothing but real adulterant-free milk and dairy products are supplied to their customers.
