Patolawala will be responsible for overseeing Global Finance and Accounting, Global Business Services, Global Technology and Enterprise Strategy

ADM announced the appointment of Monish Patolawala as Executive Vice President and Chief Financial Officer, effective August 1, 2024, succeeding Ismael Roig, who has been serving as ADM’s Interim CFO since January 2024. Patolawala brings to ADM more than 25 years of experience overseeing global finance and technology teams across leading industrial and healthcare companies, most recently including 3M. As EVP and CFO of ADM, Patolawala will be responsible for overseeing Global Finance and Accounting, Global Business Services, Global Technology and Enterprise Strategy.

Patolawala most recently served as President and CFO of 3M Company where he led finance, country prioritisation and country governance, information technology, enterprise strategy and global service centres. Before joining 3M, Patolawala spent more than two decades at GE in various finance roles, including as CFO of $20 billion GE Healthcare from 2015 to 2020 and also as head of operational transformation for all of GE from 2019 to 2020. Patolawala also currently serves on the Board of Directors of biotechnology leader Biogen Inc.
