India to be the partner country of the year at BIOFACH 2026

In a celebration of India's rich agricultural heritage and the growing demand for sustainable farming, the Agricultural and Processed Food Products Export Development Authority (APEDA) organised participation of Indian exporters under the India Pavilion at BIOFACH 2025 held at Messezentrum in Nuremberg, Germany. The APEDA India pavilion at BIOFACH 2025 was inaugurated by Shatrughna Sinha, Consul General of India, Munich along with Abhishek Dev, Chairman, APEDA.

The event also marked the signing of a Letter of Intent (LoI) between APEDA and Nuremberg Messe to make India the Partner Country of the Year at BIOFACH 2026. The LoI, signed by Victoria Vehse, Vice President and Member of the Management Board for Nuremberg Messe and Abhishek Dev, Chairman APEDA in the presence of Shatrughna Sinha, Consul General, Consulate General of India, Munich. The signing was a defining moment in the long-standing partnership between India and BIOFACH, with India previously holding the esteemed Partner Country title in 2012. It also sets the stage for India to take the spotlight in this global event next year and present INDIA's strength as the organic food basket for the world at BIOFACH 2026.

The India pavilion at this year's event showcased a vast array of organic products including pulses, spices, rice, processed foods and essential oils. The thoughtfully curated display not only highlighted India's agricultural prowess but also invited visitors to experience the deep-rooted cultural narratives that had shaped India's organic farming tradition.

To showcase the vast diversity of organic food products and offerings from India, APEDA facilitated the participation of more than 20 co-exhibitors including exporters, FPOs and State Government Organisations showcasing a vibrant display of products like Rice, Oilseeds, Herbs, Spices, Pulses, Cashew, Ginger, Turmeric, Large Cardamom, Cinnamon Mango Puree, Essential Oils amongst others.
