Eyes newer collaborations and bring innovations closer to partners and consumers worldwide

Zeus Hygia, a science-led nutraceutical ingredient manufacturer from India, announced a significant milestone in its international growth journey with the opening of its first US office in Florida.

As part of its global outreach, Zeus Hygia is also participating in leading nutraceutical and functional ingredient events across Southeast Asia, Japan, and Europe, thereby driving innovation-led partnerships in the global wellness industry.

The global mandate is being led by Avileli Mouli Srikar, who brings extensive experience in the health and wellness sector, having spearheaded expansion projects across APAC, MENA, and ASEAN regions.

“Our vision has always been to make evidence-based natural wellness accessible to the world,” said Avileli Mouli Srikar, Head of Global Business, Zeus Hygia. “The US office launch is a significant step towards strengthening our presence in one of the most dynamic nutraceutical markets globally. We’re excited to build new collaborations and bring our innovations closer to partners and consumers worldwide.”
